Specs

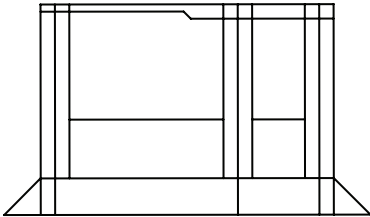

- Extremely high stability :
 - + Clamping profile ensures mounting and connection of the side panel to the awning fabric.
 - + A double rubber flap attached to the mast profile ensures full sealing with the vehicle wall.
 - + Diagonal support between the mast and clamping profile.
 - + Double profile ensures wind tight sealing between front and side panels.
- User friendly
 - + Side windows fully open, whilst remaining screened by a mosquito mesh.
 - + Mud flaps can be folded inside or outside of the Thule Safari Residence and can be tensioned.
 - + The front is available with doors on the left or right hand side.
 - + The front panel rolls up completely. The window at the front does not open separately.
 - + Modular construction, the front panel is slid into the lead rail of the awning.
- High quality fabric (400gr/m2)
 - + Solid weld connections of the fabric for optimum wind and water tightness.
- Timeless and elegant design
 - + Large window surfaces for greater incidence of light and an open feeling of spaciousness.
 - + The colour of the awning fabric can be continued in the front panel of the awning tent, whereas the side panels come in standard grey.
